**MOTION TO SET DATE CERTAIN**

Comes now the United States of America by and through its counsel, Lawrence J. Laurenzi, Acting United States Attorney for the Western District of Tennessee, and moves the Court to set a date certain for the trial of this matter. This matter is set for a December report and for trial on the January rotation.

In support of said motion, the United States submits that the government anticipates calling an in custody witness. The government learned, upon contacting the United States Marshals concerning a writ for this witness, that the air lift will not be running through the holiday season. The United States Marshals informed the government that while they will endeavor to have this witness brought in by the end of January, they could guarantee that she could be available by February. At the Marshal's suggestion, the government has issued a writ for this witness for the last week in January. Additionally, the government anticipates calling 13 out of town witnesses at trial. Given these circumstances, the government thought it prudent to bring this information to the Court's attention and motion for a date certain in order to

secure accommodations for all witnesses as well as the transportation of the in custody witness.

Respectfully submitted,

LAWRENCE J. LAURENZI  
Acting United States Attorney
